National Small Business Week 2021 is the U.S. Small Business Administration’s (SBA) annual event recognizing the innovation and contributions of America’s entrepreneurs and small businesses across the country. Recognized through proclamation by the President of the United States since 1963, National Small Business Week traditionally takes place the first week in May. This year, however, it is scheduled for the week of September 13-15.
The main event this year is the National Small Business Week 3-Day Virtual Summit hosted by the SBA, taking place Monday, September 13 – Wednesday, September 15, 2021. The theme of this year’s virtual summit is Celebrating Resilience and Renewal, highlighting the resilience of America’s entrepreneurs and the renewal of the small business economy as they build back from the economic crisis brought on by the pandemic. Administrator Guzman will kickoff the summit which will feature keynotes by Mark Cuban and Chef Jose Andres. More details on the summit presenters can be found here. The event is open to the public and registration is free.
