

This COVID-19 small business resource guide is committed to providing the latest information, tools and support available to small businesses impacted by the COVID-19/novel coronavirus outbreak. This page will be updated frequently as new federal, state and private resources to assist small businesses become available. Additionally, you can also receive professional business advice and free or low-cost business training from your [local Small Business Development Center](#)!

Updated January 7th, 2022

About COVID-19, also known as the Novel Coronavirus

SARS-CoV-2, or Severe Acute Respiratory Syndrome Coronavirus 2, is the formal designation for the virus that causes COVID-19, or Coronavirus Disease 2019. Comprehensive information regarding the virus, disease and protection measures can be found at the [U.S. Center for Disease Control and Prevention](#) and the [World Health Organization](#). With global spread at an alarming rate, the World Health Organization declared this outbreak a [pandemic](#) on March 11th, 2020.

According to the CDC, the [two variants](#) of concern are [Delta](#), which was the predominant strain in the U.S. in Summer 2021 and [Omicron](#), the most recent to emerge, currently most predominant strain, and seemingly most rapidly spreading throughout the U.S.

COVID-19 Small Business Resources & Assistance

The United States Congress passed the Coronavirus Aid, Relief and Economic Security (CARES) Act and the Families First Coronavirus Response Act in March 2020 to provide federal government support in response to the COVID-19/novel coronavirus outbreak. After the initial funds were exhausted, Congress passed the Paycheck Protection Program & Health Care Enhancement Act in April 2020 to provide an additional \$380 billion to resume the Paycheck Protection Program (PPP) and Economic Injury Disaster Loan (EIDL) program.

The U.S. Small Business Administration (SBA) is continuing to lead the rollout of assistance for America's small businesses. This includes the Paycheck Protection Program (PPP), the Economic Injury Disaster Loans (EIDL), SBA Debt Relief on new and current 7(a) loans, SBA

Express Bridge Loans and additional guidance to businesses and employers. Learn more about the [SBA COVID-19 relief options here](#). You can also find [COVID-19 Recovery Information](#) in other languages.

Paycheck Protection Program

This program is a loan offering designed to provide a direct incentive for small businesses to

retain their workers and cover certain other expenses. Eligible recipients may qualify for a loan up to \$10 million. If employee retention criteria is met, SBA will forgive the portion of the loan proceeds that are used to cover the first 24 weeks of payroll, rent, mortgage interest and utilities.

Any small business with less than 500 employees (including sole proprietorships, independent contractors and self-employed persons), private non-profit organizations or 501(c)(19) veterans organizations affected by the outbreak are eligible.

As of May 5, 2021, funding for the Paycheck Protection Program has been exhausted. The SBA will continue funding outstanding approved PPP applications, but new qualifying applications will only be funded through Community Financial Institutions, financial lenders who serve underserved communities.

President Biden announced program changes to make access to PPP loans more equitable under the American Rescue Plan Act. Included in the American Rescue Plan Act is relief for small businesses and hard-hit industries.

The American Rescue Plan Act of 2021, signed into law in March 2021, provides additional relief for the nation's small businesses and hard-hit industries for programs SBA is currently administering and adds new efforts, including:

- \$7.25 billion additional for the [Paycheck Protection Program](#), including eligibility to additional nonprofits and digital news services, ended May 31, 2021
- \$16 billion [Shuttered Venue Operators Grant \(SVOG\)](#) program providing funds for live event venues. Additional funds made available allowed businesses to apply for both a PPP loan after Dec. 27, 2020, and the SVOG. As of August 20, 2021, SVOG is no longer accepting new applications.
- \$15 billion additional for [Targeted Economic Injury Disaster Loan \(EIDL\) Advance](#) payments, including new \$5 billion for supplemental Targeted EIDL Advance payments for those hardest hit. As of January 1, 2022, COVID EDIL is no longer accepting new applications.
- \$28.6 billion [Restaurant Revitalization Fund](#) for industry-focused grants. The National Restaurant Association published a [Policy Brief](#) on the Restaurant Revitalization Fund outlining key elements. Applications are now closed.

Learn more about the [SBA Paycheck Protection Program here](#).

For small businesses who secured the PPP loan, a key benefit was funds designated for specific expenses made the loan forgivable. The SBA opened the PPP Loan Forgiveness portal on August 10, 2021 and revised their [Frequently Asked Questions](#) on March 12, 2021. The most recent guidance streamlines the forgiveness process for Paycheck Protection Program loans under \$50,000 through the use of form 3508S. Form 3508EZ is available to sole proprietors, independent contractors, self-employed and all other business entities can use form 3508.

Provided below are resources on navigating and understanding the process.

- [SBA Paycheck Protection Program Loan Forgiveness Factsheet](#)
- [U.S. Chamber Guide to PPP Loan Forgiveness](#) – designed to help borrowers understand the loan forgiveness process to include loan forgiveness amount calculation.
- [Paycheck Protection Program resources for CPAs](#) – resources from the American Institute of CPAs
- [PPP Loan Forgiveness Application Guidance for the Self-Employed, Freelancers and Contractors](#) – article from Forbes offering guidance to navigate the application process.

Economic Injury Disaster Loans & Loan Advances

The U.S. Small Business Administration announced on March 12, 2020 that they will be

[processing disaster assistance loans for small businesses](#) negatively impacted by COVID-19/novel coronavirus and the federal, state and local efforts to combat the spread. This assistance program provides targeted, low-interest disaster recovery loans up to \$2 million and loan advances up to \$10,000 to small businesses. These loans provide working capital to support small businesses that are experiencing temporary loss of revenue as a result of the outbreak. Complete eligibility criteria can be found in the online application. On June 15, 2020, SBA began accepting new [Economic Injury Disaster Loan \(EIDL\)](#) and [EIDL Advance](#) applications from qualified small businesses and U.S. agricultural businesses.

The COVID-19 Economic Injury Disaster Loan (COVID EIDL) application is closed as of January 1, 2022, at 12:00 AM ET. SBA is no longer accepting new COVID EIDL loan applications.

Downloadable PDFs offering supporting guidance by the SBA:

- [EIDL Sample Application](#)
- [COVID-19 EIDL Program \(portal walkthrough\)](#) step-by-step example of how to apply for SBA's COVID-19 EIDL program
- [COVID-19 EIDL intake application form checklist](#) – supplemental checklist to assist a small business in completing the EIDL Intake Application Form
- [FAQ regarding EIDL](#)
- [EIDL Program Updates](#) – summary of program policy changes effective September 8, 2021

For additional information, please contact the SBA disaster assistance customer service center. Call 1-800-659-2955 (TTY: 1-800-877-8339) or e-mail disastercustomerservice@sba.gov.

Learn more about [SBA Disaster Loan Assistance here](#).

Debt Relief

SBA offers [debt relief](#) to existing SBA loan borrowers whose businesses have been impacted

by COVID-19.

This program will provide reprieve to small businesses as they overcome the challenges created by the outbreak.

For new 7(a) loans issued prior to September 27, 2020, the SBA will pay the principal and interest on these loans. For current 7(a) loans, the SBA will pay the principal and interest for a period of six months.

Express Bridge Loans

This program is designed for small businesses who currently have a business relationship

with an SBA Express Lender. Loans of up to \$25,000 can be secured with a fast turnaround to provide bridge funding to cover immediate expenses while the small business applies for or awaits disbursement of a direct [SBA Economic Injury Disaster Loan](#) (see above). Notice: the [Express Bridge pilot loan program](#) expired March 13, 2021.

Learn more about [SBA Express Bridge Loans here](#).

COVID-19 Small Business Financial Aid & Tax Guide

The U.S. Chamber of Commerce, as part of their [Save Small Business Initiative](#), has prepared the following comparison guide to assist small businesses with evaluating their options:

CARES ACT ASSISTANCE

Available to Small Businesses

Loan Specifics 2.5 months payroll; can become grants	Loan Specifics Up to \$10K in grants, low interest loans	Eligibility Cannot accept PPP loan; Must be fully or partially closed OR have 50% drop in quarterly gross receipts	Eligibility Cannot accept PPP loan forgiveness	Loan Specifics TBD
How to Apply Private lenders	How to Apply SBA			Restrictions Dividends, Buybacks, Compensation
				How to Apply SBA

Source: U.S. Chamber of Commerce

Guidance for Businesses & Employers

The following interim guidance is based on what is currently known about the Coronavirus Disease 2019 (COVID-19). For updates, visit the [U.S. Center for Disease Control and Prevention](#) and the [World Health Organization](#).

[Interim Guidance for Businesses and Employers to Plan and Respond to Coronavirus Disease 2019 \(COVID-19\)](#) – guidance that may help prevent workplace exposure in non-healthcare settings. See guidance for [Healthcare Professionals here](#).

Detecting Scams & Fraud

Scammers and other bad actors are actively using these opportunities to defraud individuals and small businesses as well as compromise sensitive information. This includes the fraudulent use of the U.S. Small Business Administration (SBA)'s name and logo in phone calls, emails, text messages and letters. The SBA has provided the following guidance:

- If you are contacted by someone claiming to be from the SBA – suspect fraud.
- Email address from SBA or other legitimate government agencies will always end in .gov.
- There is no cost to apply for a COVID-19 Economic Injury Disaster Loan and SBA will never ask you to provide a credit card.

- Do not release any private information (SSN, DOB, etc.) or banking information in response to an unsolicited caller, letter, email or text.
- An SBA logo in an email or webpage does not guarantee the information is accurate or from the SBA.
- Check for spelling and grammatical errors in an email and be wary of clicking on any links or opening attachments.
- If you are in the process of applying for an SBA loan and receive correspondence asking for PII, ensure that the referenced application number is consistent with your application number.
- For help with Economic Injury Disaster Loans, please contact the SBA disaster assistance customer service center. Call 1-800-659-2955 (TTY: 1-800-877-8339) or send an e-mail to disastercustomerservice@sba.gov.
- For inquiries regarding SBA support for small businesses, send an email to answerdesk@sba.gov.

Be vigilant and trust your instincts. If something seems too good to be true, then it likely is.
