About COVID-19, also known as the Novel Coronavirus

SARS-CoV-2, or Severe Acute Respiratory Syndrome Coronavirus 2, is the formal designation for the virus that causes COVID-19, or Coronavirus Disease 2019. Comprehensive information regarding the virus, disease and protection measures can be found at the [U.S. Center for Disease Control and Prevention](#) and the [World Health Organization](#). With global spread at an alarming rate, the World Health Organization declared this outbreak a [pandemic](#) on March 11th, 2020.

COVID-19 Small Business Resources & Assistance

The United States Congress passed the Coronavirus Aid, Relief and Economic Security (CARES) Act and the Families First Coronavirus Response Act in March 2020 to provide federal government support in response to the COVID-19/novel coronavirus outbreak. After the initial funds were exhausted, Congress passed the Paycheck Protection Program & Health Care Enhancement Act in April 2020 to provide an additional \$380 billion to resume the Paycheck Protection Program (PPP) and Economic Injury Disaster Loan (EIDL) program.

The U.S. Small Business Administration (SBA) is continuing to lead the rollout of assistance for America's small businesses. This includes the **Paycheck Protection Program (PPP)**, the **Economic Injury Disaster Loans (EIDL)**, **SBA Debt Relief** on new and current 7(a) loans, **SBA Express Bridge Loans** and additional guidance to businesses and employers.

Paycheck Protection Program

This program is a loan offering designed to provide a direct incentive for small businesses to retain their workers and cover certain other expenses. Eligible recipients may qualify for a loan up to \$10 million. If you maintain your workforce, SBA will forgive the portion of the loan proceeds that are used to cover the first **24 weeks** of payroll, rent, mortgage interest and utilities.

Any small business with less than 500 employees (including sole proprietorships, independent contractors and self-employed persons), private non-profit organizations or 501(c)(19) veterans organizations affected by the outbreak are eligible.

Program update: The Paycheck Protection Program resumed accepting applications July 6, 2020, at 9:00 AM EDT. The new deadline to apply for a Paycheck Protection Program loan is August 8, 2020.

Learn more about the [SBA Paycheck Protection Program here](#).

For small businesses who secured the PPP loan, a key benefit was funds designated for specific expenses made the loan forgivable. The SBA released the application and instructions for the Loan Forgiveness on Friday, May 15th. Provided below are resources on navigating and understanding the process.

Economic Injury Disaster Loans & Loan Advances

The U.S. Small Business Administration announced on March 12, 2020 that they will be [processing disaster assistance loans for small businesses](#) negatively impacted by COVID-19/novel coronavirus and the federal, state and local efforts to combat the spread. This assistance program provides targeted, low-interest disaster recovery loans up to \$2 million and loan advances up to \$10,000 to small businesses. These loans provide working capital to support small businesses that are experiencing temporary loss of revenue as a result of the outbreak. Complete eligibility criteria can be found in the online application. On **June 15**, SBA will begin accepting new Economic Injury Disaster Loan (EIDL) and EIDL Advance applications from qualified small businesses and U.S. agricultural businesses.

To apply, complete the streamlined, online application here: [COVID-19 Economic Injury Disaster Loan Application](#).

For additional information, please contact the SBA disaster assistance customer service

center. Call 1-800-659-2955 (TTY: 1-800-877-8339) or e-mail disastercustomerservice@sba.gov.

Learn more about [SBA Disaster Loan Assistance here](#).

Debt Relief

This program will provide reprieve to small businesses as they overcome the challenges created by the outbreak.

For **new 7(a) loans** issued prior to September 27, 2020, the SBA will pay the principal and interest on these loans. For **current 7(a) loans**, the SBA will pay the principal and interest for a period of six months.

Express Bridge Loans

This program is designed for small businesses who currently have a business relationship with an SBA Express Lender. Loans of up to \$25,000 can be secured with a fast turnaround to provide bridge funding to cover immediate expenses while the small business applies for or awaits disbursement of a direct [SBA Economic Injury Disaster Loan](#) (see above).

To apply, begin by contacting your local SBA District Office to find an Express Bridge Loan Lender.

Guidance for Businesses & Employers

The following interim guidance is based on what is currently known about the Coronavirus Disease 2019 (COVID-19). For updates, visit the [U.S. Center for Disease Control and Prevention](#) and the [World Health Organization](#).

[Interim Guidance for Businesses and Employers to Plan and Respond to Coronavirus Disease 2019 \(COVID-19\)](#) - guidance that may help prevent workplace exposure in non-healthcare settings. See guidance for [Healthcare Professionals here](#).

Detecting Scams & Fraud

Scammers and other bad actors are actively using these opportunities to defraud individuals and small businesses as well as compromise sensitive information. This includes the fraudulent use of the U.S. Small Business Administration (SBA)'s name and logo in phone calls, emails, text messages and letters. The SBA has provided the following guidance:

- If you are contacted by someone claiming to be from the SBA - suspect fraud.
- Email address from SBA or other legitimate government agencies will always end in .gov.
- There is **no cost** to apply for a COVID-19 Economic Injury Disaster Loan and SBA will never ask you to provide a credit card.
- Do not release any private information (SSN, DOB, etc.) or banking information in response to an unsolicited caller, letter, email or text.
- An SBA logo in an email or webpage does not guarantee the information is accurate or from the SBA.
- Check for spelling and grammatical errors in an email and be wary of clicking on any links or opening attachments.
- If you are in the process of applying for an SBA loan and receive correspondence asking for PII, ensure that the referenced application number **is consistent with your application number**.
- For help with Economic Injury Disaster Loans, please contact the SBA disaster assistance customer service center. Call 1-800-659-2955 (TTY: 1-800-877-8339) or send an e-mail to disastercustomerservice@sba.gov.
- For inquiries regarding SBA support for small businesses, send an email to answerdesk@sba.gov.

Be vigilant and trust your instincts. If something seems too good to be true, then it likely is.
